March News

March 18, 2015

Dear Families,

Thank you for celebrating Literacy Night with us. About ninety percent of Muddy Brook families joined us for circus fun and sharing our stories and work. It was a joy to see children in conversation with family members about their learning and dreams.

We have lots to look forward to!

Student Led Conferences

On March 27, we will host Student-Led Conferences from 1 to 6 pm. Please sign up with your child's classroom teacher. Wondering what to expect? Here are the details:

- Your child will lead you through a 30-40 minute presentation of his/her work in the classroom.
- Learning Specialists and Specialists will be sharing the work they do with students. Please stop by their rooms to learn about grade level projects and expectations.
- We will provide activities for siblings so you can have one-on-one time with your child in the conference.

Enjoy the Student-Led Conference as an opportunity to connect with your child and celebrate growth and emerging passions.

PARCC Testing for Grades 3 and 4

PARCC testing begins March 31, April 1 and April 2 with 3rd and 4th grade English Language Arts assessments. To understand what material is covered follow this link to practice tests: <http://parcc.pearson.com/practice-tests/>.

The overall Muddy Brook testing schedule is:

3rd & 4th Grade ELA	Tuesday, March 31st, April 1st & April 2nd
3rd Grade Math	Tuesday, April 7th & Wednesday, April 8th
4th Grade Math	Thursday, April 9th & Friday, April 10th
3rd Grade Reading Comp.	Tuesday, May 12th
4th Grade ELA	Wednesday, May 13th
4th Grade Math	Tuesday, May 19th & Wednesday, May 20th
3rd Grade Math	Tuesday, May 26th & Wednesday, May 27th

Music Notes from Mr. Gillespie

2nd grade music classes have been working hard learning their first few notes and the song "Hot Cross Buns" on the recorder. Over the next month they will learn more advanced playing techniques and longer pieces of music.

The 3rd and 4th grades have been discovering Jazz. Ask them about their favorite jazz artist! At the end of the month they will even be able to attempt jazz improvisation. Perhaps the next John Coltrane is out there!

The Muddy Brook Band is rehearsing every Wednesday morning. These rehearsals are in addition to their regular weekly lessons. The band students are continuing to improve their technique and ensemble playing as they begin to learn their Spring Concert pieces. All band students should be practicing at least 100 minutes a week! The Trumpets and Clarinets are tied for the lead in our practice competition!

Finally, Select Chorus is off to a nice start! Even with all of the rehearsal cancellations, they are starting to blend their voices and sound like an ensemble. We have more rehearsal cancellations on the way, so please make note of the upcoming schedule:

3/20 – NO rehearsal (I'll be at a music teachers conference in Boston)
 3/27 – 8:00 rehearsal (1/2 day inservice...but yes there IS rehearsal!)
 4/3 – No School

Orchestra Outlook by Juraye Moran

The Perfect Practice Contest is coming to an end. So many students are documenting times practiced at school and at home. Who will win this year? Stay tuned to find out! With the many weather delays this year, we have missed morning lessons. String students may come to more than one lesson each week if they would like additional practice. Just come early Monday - Friday. The more we practice the better we sound. Beginning and Advanced students are learning some fiddling techniques and an American Folk song called Bile em Cabbages Down. We are also learning some tunes from some popular movies. It's lots of fun.

Morning Kindergarten classes continue to work with rhythm and beats. We are also learning some traditional music games. We even are trying to learn some American Folk and Square dances. It's lots of fun to move to the musical beat!

Welcome to the Technology Lab

2nd Grade

Second Grade just completed an exciting app developed by MIT. Scratch Jr is an allows younger children to create their own

coding unit through the use of Scratch Jr, an introductory programming language that interactive stories and games.

As students code, they learn how to create and express themselves with technology, not just interact with it. In the process, children learn to solve problems and design projects, and they develop sequencing skills that are foundational for later academic success. They also use math and language in a meaningful and motivating context, supporting the development of early-childhood numeracy and literacy.

The goal was to create a story that recounts a short sequence of events, includes details to describe actions, thoughts, and feelings, and provides a sense of closure. This was an exciting unit because students were able to see how they can use technology to create something instead of just interacting with it. Students helped each other learn new tricks and techniques to help convey their story. They problem solved and learned to persevere through challenges.

Next up...

Keyboarding! Our students use computers every day, developing proper keyboarding skills is an important fundamental skill our students need and educational activity to help early keyboard. Children are encouraged to match letters on the screen to their numbers and symbols are coming

to have. Keyboarding Zoo is a fun elementary age students learn the use their index or pointer fingers to keyboards. Uppercase letters, soon.

3rd & 4th Grade

We've started an exciting new keyboarding program called *Typing Web*! This program has comprehensive instructional keyboarding activities that range from beginning to advanced skills. *Typing Web* has engaging lessons that include graphics and games with multiple opportunities for practice, individualized remediation

and goals for success. The lessons are designed to reinforce the skills of sitting up straight, keeping the hands curved and relaxed, and working from the "home" key positions.

I highly encourage additional keyboarding practice at home if you have a computer with internet access. I recommend no longer than 15 minutes per practice session. With this program I am able to access their accounts and see their progress as they go!

Next up...

Mrs. Smith and I will be working together with the 3rd grade on a colonial biographies project and the 4th grade on a US landmarks project. Stay tuned!

Helpful Hints and Tips

Have you checked out Common Sense Media yet? It is such a great resource. Here's their mission statement:

Common Sense is dedicated to helping kids thrive in a world of media and technology. We empower parents, teachers, and policymakers by providing unbiased information, trusted advice, and innovative tools to help them harness the power of media and technology as a positive force in all kids' lives.

New to Common Sense Media is a Parent's Concern section. This is where parents voice their concerns and experts weigh in. Some of the topics trending now are:

- How much screen time is OK for my kids?
- How can I get my kids to put down their phones?
- Are some types of screen time better than others?

What's most helpful about this new section is that you can explore questions by age. For example if you have a kindergartener and a 4th grader you likely have different concerns or questions about their media use. This is a great place to look for help and support.

Thank you!

Mrs. Candee

Library Update

March has arrived!

And with it comes the celebration of Dr. Seuss and his wonderful contributions to children's literature!

Across all grades we will be reading some of Dr. Seuss's lesser known works and discovering some interesting facts about the man known as Dr. Seuss.

PreK, Early K, and Kindergarten will be reading some of his beginning reader books, including *The Tooth Book*, *The Shape of Me*, *Dr. Seuss's ABCs*, and *Ten Apples Up on Top*. They will explore some basic facts about Dr. Seuss and complete some fun literacy activities related to the stories.

1st and 2nd grade will be reading a variety of Dr. Seuss books including *Marvin K. Mooney Will You Please Go Now*, *Gerald McBoing Boing*, *On Beyond Zebra*, and *Did I Ever Tell You How Lucky You Are?* They will also be completing a "Dr. Seuss Info Hunt" and other activities to learn more about Dr. Seuss.

3rd grade will spend the first two weeks exploring Dr. Seuss books and then move into the study of persuasive texts. We will read a few great examples of persuasive books including *I Wanna Iguana* and *A Pig Parade is a Terrible Idea*. We will also begin exploring atlases at the end of the month.

4th grade will also spend the first two weeks exploring Dr. Seuss books. After that, we will look at dictionaries and figure out how we can use them efficiently and effectively. At the end of the month we will begin a project about US Landmarks which will tie in with the United States unit going on in the classroom.

Happy Reading!
Elisabeth Smith
Library Media Specialist

Greetings from the Art Studio by Ali Benton

Greetings from the Art Studio!

Muddy Brook learners have been busy bees in the studio classroom! Artists took on the challenge of making a hat for their circus performance on for Literacy Night. The criteria for the hat was it must incorporate newspaper, stay on the head and the fancier the better. Students worked with the traditional newspaper hat style or designed their own. Problem solving and perseverance, envisioning the final outcome and working along as their ideas morphed and changed were all important skills for this project.

Another fantastic learning experience that is happening now is second grade connections with science. Fly Cloud Institute facilitators are guiding students and teachers alike to think deeply and make connections with art, writing, math, and science. Students used their ideas about balance to create mobiles using real science to solve their artistic problems- or art to solve their scientific problems!

In the weeks ahead artists will continue to express their thoughts, feelings and interests through multiple art media. It is always a joy to work with the students at Muddy Brook in the art studio classroom! Feel free to come in and work alongside your child and talk about their successes and frustrations of art making at home. Artistic failures are a wonderful way to turn mistakes into happy accidents, and help build perseverance and long range goal setting in artistic pursuits and all aspects of life.

Artfully yours,

Ms. B. Alexandra.benton@bhrrsd.org

PARENT GROUP

The Parent Group will meet on March 26, from 9 – 10 am.

Parents, Grandparents, and Guardians, All are welcome!!

For more information, call Melinda Olds 644-2350 ext. 1305

Physical Education Update

By Tina Soule, Julia Warner, and Jill Fleming

Muddy Brook students finished February with tumbling skills and circus manipulatives. We are continuing our circus skills/manipulations into March with Jill Fleming. Students had a wonderful opportunity to showcase their circus skills on Literacy Night by either traveling with equipment such as unicycles, buddy walkers, stilts, etc. or show their prowess with stationary skills such as feather balancing, plate spinning, tight wire walking, etc. An amazing job was done by all!

Chess Club News

Two exciting things are happening in the chess club. One, we are getting lots of brand new players who are learning chess for the first time. Come and join us and learn how to play this challenging, brain stimulating game. All are welcome every Monday and Wednesday morning at 8:00 in the library. All you have to do is want to learn and have fun.

The second exciting thing is that the annual Muddy Brook Chess Tournament is beginning this week. May the best chess player win!!!!!!!

Chess Wisdom

"We like to think." (Gary Kasparov)

"In chess, at least, the brave inherit the earth." (Edmar Mednics)

"The winning player is the one who makes the next-to-last mistake." (Savielly Tartakover)

"Life like chess is about knowing to do the right move at the right time." (Kaleb Rivera)

2015 Baseball Sign-Ups

Great Barrington Little League Registration

All children residing in Great Barrington, Stockbridge, West Stockbridge, Richmond, Sheffield, Monterey, Mt. Washington, Alford, New Marlborough, Egremont, Tyringham, Lee, Otis and Sandisfield ages 5-12 are invited to sign up to play T-Ball, Coaches Pitch, Minor League (kids pitch) and Little League Baseball on the following dates and locations:

March 18, 2015 Mt. Everett Gymnasium	6:00 p.m. to 7:30 p.m.
March 18, 2015 Housatonic Community Center	6:00 p.m. to 7:30 p.m.
March 25, 2015 Mt. Everett Gymnasium	6:00 p.m. to 7:30 p.m.
March 25, 2015 Housatonic Community Center	6:00 p.m. to 7:30 p.m.

In addition sign-up can be completed by mailing this registration form, along with your registration fee to P.O. Box 671, Great Barrington, MA 01230 by March 30, 2015. Checks should be payable to The Great Barrington Little League. Also you may sign up online at www.leaguelineup.com/GBLL01230

Registration fee:

\$ 25.00 per player - T-Ball and Coaches Pitch
\$ 40.00 per player - Minor League and Little League
Maximum registration fee is \$80.00 per family

Any family needing financial assistance with registration fees or a baseball glove please inquire about the Tim Soule Sr. Memorial Fund or the Sheffield Kiwanis Fund when signing up.

Tryouts for Little League (*highest level only - no tryouts for minor league, coaches pitch or T-Ball*) will be held on Saturday April 11, 2015 at the Great Barrington Little League Field and Sunday April 12, 2015 at the Sheffield Little League Field. Players who have not played on either a Great Barrington or Sheffield Little League team must attend both try outs/skills assessment sessions in order to be drafted onto a Little League team. Exact times will be determined after registration.

For questions or more information please contact Brian Mead at 413-446-2504 or Email to GreatBarringtonLittleLeague@gmail.com for all levels.

Special Note:

Register for summer camp

Half-day Camps \$150 (\$125 members) per week

Full-day Camps \$250 (\$225 members) per week

To register, call 413.443.7171 ext. 360. Call today! Camps fill quickly.

Registration includes a \$50 non-refundable administrative fee. Partial refunds (minus the administrative fee) are available for cancellations up to four weeks prior to the first day of camp. No refunds will be given for cancellations within four weeks of the first day of camp.

*Campers should be entering grade September 2015. Campers entering Kindergarten must have preschool experience.

Make it a full day!

Combine a morning and afternoon session for a full day of camp, and we'll provide a supervised lunchtime (campers bring their own bag lunches).

Early Bird Special! for Museum members:

Be the first to sign your children or grandchildren up for summer camps. Early Bird Registration is exclusively for Museum members through March 20, 2015. Berkshire Museum members save on camps and many other programs year-round. Family memberships are just \$75. Join today and save \$25 on camp registration.

Camperships available!

Call 413.443.7171, ext. 334 for information on camp scholarships. Camperships are made available through the support of the Katharine L.W. and Winthrop M. Crane 3d Charitable Foundation.

Counselor-in Training Program

The Berkshire Museum is pleased to offer a limited number of counselor-in-training (CIT) positions for the 2015 season. This program will be open to campers age 13 and up. Acting as peer mentors, CITs will have the opportunity to participate in all camp activities, while assisting camp counselors with set-up, clean-up, classroom management and other projects as needed. Applications are available to download on our website at Berkshiremuseum.org/2015-summer-camps. \$150 per week for full day camp enrollment. Call 413.443.7171 ext. 335 with any questions.

Berkshire Museum
39 South St., Pittsfield, MA.
For more information, call 413.443.7171
or visit www.berkshitemuseum.org.

Summer adventures at the Berkshire Museum!

Berkshire Museum presents an exciting variety of summer camp offerings, including hands-on experiences in theater, robotics, animation, forensics, natural science, and even magic!

New this summer is a counselor-in-training program for teens age 13 and up. Visit www.berkshitemuseum.org for the latest information on all camps.

Robot Olympics

June 29 to July 3, 9 to noon, Grades 4-6
Campers will build their own robots and test the skills of their robotic creations in feats of strength, speed, and endurance. Each day will feature new challenges, robot designs, and tons of fun. No prior robot experience necessary. Space is limited to 10 campers.

Kitchen Ka-Boom

June 29 to July 3, 1 to 4 p.m., Grades 4-6
Raid your kitchen pantry and become a mad scientist! Combine and test the properties of common household ingredients for fun and thrilling experiments you can recreate at home! All experiments are kid-safe.

On Stage with the Berkshire Theatre Group

July 6 to 10, 9 a.m. to noon, Grades K-2
Curtain's up! on summer theater camp at Berkshire Museum, presented by BTG Plays! Campers will build their dramatic skills and gain self-confidence through participation in theater games, improvisational skits, movement exercises, and dramatic storytelling. Then they will step into the spotlight in a final performance in front of family and friends!

Pond Camp

July 6 to 10, 1 p.m. to 4 p.m., Grades K-2
Explore the Aquarium and make friends with the animals living in our own backyards. Listen to the sounds of local wildlife, create animal tracks, make crafts, and play games. This camp session includes two field trips to a local pond to observe these animals in their natural habitat. Don't miss the chance to spot live turtles, frogs, crayfish, water bugs, herons, and more!

Movie Camp

July 13 to July 17, 9 a.m. to 4 p.m., Grades 3-6
Action! Calling all budding actors, directors, and writers: let's make a movie! From the initial idea to the rolling credits, campers make the creative decisions, from writing the script, to casting the actors, directing the action, and manning the cameras! On the last day, friends and family are invited to the premiere showing of the film.

CSI Camp: Ancient Crimes

July 20 to July 24, 9 a.m. to noon, Grades 2-5
Take part in the ultimate game of Clue! Learn how to lift finger prints, make shoe imprints, and detect if someone is trying to deflect the truth. Then use your sleuthing skills to play detective and seek out the criminal in a new mystery each day.

Icky, Messy, and Goopy

July 20 to July 24, 1 p.m. to 4 p.m., Grades 2-5
Make slime, build an erupting volcano, and even set up a rocket launch! Campers become kitchen scientists, making crazy concoctions with everyday items. Learn the twisted chemistry behind the common ingredients that ordinary kitchen cabinets hold, while making an icky, gooey mess!

Magic Camp

July 27 to July 31, 9 a.m. to noon, Grades 4-6
Learn the art of magic and amaze your friends and family in this new summer camp program! Under the guidance of local experts, campers will practice basic card tricks, study slight-of-hand, and experiment with the common tools and props of professional magicians.

Berkshiremuseum

Summer Camps 2015

39 South St. Pittsfield, MA
www.Berkshiremuseum.org

Robot Olympics

July 27 to July 31, 1 p.m. to 4 p.m., Grades 4-6
Campers will build their own robots and test the skills of their robotic creations in feats of strength, speed, and endurance. Each day will feature new challenges, robot designs, and tons of fun. No prior robot experience necessary. Space is limited to 10 campers.

On Stage & Backstage with the Berkshire Theatre Group

August 3 to August 7, 9 a.m. to 4 p.m., Grades 4-6
Experience a week of theatrical know-how. Learn what it takes to produce a show—both onstage and behind the scenes! BTG Plays! helps campers enhance their acting skills and gain self-confidence through improvisational skits, theater games, movement exercises, and storytelling. Make props, design costumes, and experiment with lighting to create a set for the Friday finale performance for friends and family.

On Stage with the Berkshire Theatre Group

August 10 to 14, 9 a.m. to noon, Grades K-2
Curtain's up! on summer theater camp at Berkshire Museum, presented by BTG Plays! Campers will build their dramatic skills and gain self-confidence through participation in theater games, improvisational skits, movement exercises, and dramatic storytelling. Then bask in the limelight in a final performance in front of family and friends!

5 Days of Play Camp

August 10 to 14, 1 to 4 p.m., Grades K-2
Inspired by our popular 10 Days of Play festival, join us for a week of youth-directed creative play and fun! With the help of museum educators, campers will use recycled materials and found objects to tell stories, create adventures, and construct imaginative play-scapes.

Animation Camp

August 17 to 21, 9 to 4 p.m., Grades 3-6
It's time for some innovative animation! Develop your own stories and create your own stop-motion mini-movie. Make a storyboard, set, and animated characters. Learn how to do a screen test and post-production. All of the animated creations will be featured in an animation festival held on the last day of camp.

THE KILPATRICK
Athletic Center

Bard College at Simon's Rock
84 Alford Road, Great Barrington, MA 01230
(413) 528-7777 simons-rock.edu/kac

Snapper Swim Club

A USA Registered Age-Group (6-18)
Swim Team

Spring-Summer practice will start on March 30th

Improve your TECHNIQUE and ENDURANCE

Three training groups available:

Advanced 6 days/Intermediate 5 days /Novice 3 days

Practices held Monday-Saturday

Registration March 17th-19th between the hours of 1PM and 5PM

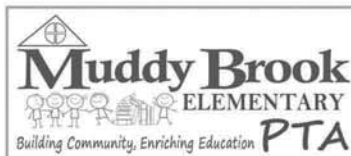

To try us out, contact Head Coach Jim Hennessey at

jhennessey@simons-rock.edu or 413-528-7775

These programs are not sponsored, nor endorsed by BHRSD

DID YOU KNOW?

1) OUR NEXT PTA MEETING IS WEDNESDAY MARCH 18TH AT 6:30 PM - PRINCIPAL MARY BERLE WILL BE SPEAKING AND THERE WILL BE A Q&A SESSION. SNACKS INCLUDED - CHILDCARE PROVIDED. PLEASE COME AND BE A PART OF IT.

2) WE NEED YOUR HELP -

DO YOU WANT YOUR CHILD/CHILDREN TO CONTINUE TO HAVE ACCESS TO THE GREAT FIELD TRIPS, ENRICHMENT ACTIVITIES, AND COMMUNITY SUPPORT THAT YOUR PTA PROVIDES? DO YOU ENJOY HELPING OUT? ARE YOU A FRIENDLY PERSON? DO YOU WANT TO MEET NEW PEOPLE?

IF YOU ANSWERED YES TO ANY OF THESE QUESTIONS THEN PLEASE CONSIDER BECOMING A PTA OFFICER. WE NEED YOU. YOU WILL RECEIVE

- * ON THE JOB TRAINING
- * A FLEXIBLE SCHEDULE
- * COMPENSATION IS PRICELESS (YOU WILL KNOW THAT YOU HAVE MADE A DIFFERENCE!)

CONTACT AN OFFICER OR SUSAN HIGA

MUDDYBROOKPTA@GMAIL.COM

3) MUD DAY IS MAY 16TH AND WE NEED YOUR HELP!

THE ONLY WAY WE CAN CONTINUE TO HOST MUD DAY IS WITH MANY HANDS TO HELP OUT NOW, OVER THE NEXT 8 WEEKS AND ON MUD DAY. LOTS TO BE DONE - CONTACT HEATHER BOYKO TODAY

STAY TUNED: UPCOMING SPRING FAMILY DANCE FRI. APRIL 10, AND TEACHER APPRECIATION WEEK

Muddy Brook Elementary School Friday, March 27, 2015 S.M.Art Half Day Workshops

FREE! Sponsored by the Green Foundation

12:00pm to 3:15 pm at Muddy Brook

Bring a bag lunch and meet in Cafeteria • Pick up at 3:15 p.m. in Main Lobby

Watercolor, Collage, and the Spectrum of Light with Meghan Orbek (grades 1-2)

What is color? Join Flying Cloud's multi-talented artist for an investigation of color. Through watercolor and collage students will explore the connection between the color wheel and the visible spectrum of light waves.

An Engineering Approach to Ceramics with Jane Burke (grades 3-4)

Children will make clay sculptures using the engineering design process. They will first develop an idea with a drawing. Then they will experiment with geometric shapes to make a prototype. Finally they will make their creation out of clay. They will think about how fractions, patterns, and materials from nature can be used in decorating them. Children will build what they have imagined and decorate their creation with colored slips. Their work will be fired and returned at a later date.

**Phone and email registration will open at
6 p.m. on March 16th**

(*phone messages will be returned the following day)

Space is limited! Deadline for registration is Friday, March 20th.

To register online, visit the Flying Cloud website at:

www.flyingcloudinstitute.org

If you do not have access to the internet
please call Flying Cloud Institute at 229-3321
to reserve space after 6 p.m. on March 16th.

Donate here

PLEASE CONSIDER DONATING

These programs are made possible by limited grant funding. The cost per child is approximately \$25. To assure that they remain available at your school, please consider donating **www.flyingcloudinstitute.org/donate**

Egg Hunt

Saturday, Mar 28

Age 2 & under: 10 a.m.

Age 3 & 4 years: 10:30 a.m.

Age 5 & 6 years: 11 a.m.

Welcome spring with a traditional egg hunt. Rain or Shine. Bring your own basket, or borrow one of ours. For everyone's safety and enjoyment, please arrive at least 15 minutes before starting time to hunt with the appropriate age group. Avoid the rush: register in advance!

\$5 per child, \$2 for each additional sibling, \$9 family maximum
