First Grade Blizzard Bags

Day 2:

Complete all of the activities below. In order for the work to count as a school day, please return all finished work in the folder.

- Reading
  - Read for 20 minutes. Read books from your book bag or ones you have at home.
  - Complete the story map about one of the books you read.

- Writing
  - Write a new story about the character from one of the books you read. Be sure to include a beginning, middle, and end. It should be a realistic fiction story!

- Phonics
  - Choose three sight word activities from the list. See attached directions.

- Math
  - Solve the two story problems. Draw a picture to show what is happening in the problem. Write an equation to match the story.
  - Build and Measure a Snowman!

- Social Studies
  - Draw a Map
Directions: Choose 10 sight words to practice from the cards. Then, choose three activities from below:

- Write each word using the colors of the rainbow.
- Use each word in a sentence. Underline the word in the sentence.
- Write the words in pen, highlighter, or another fun writing tool.
- Write the words in alphabetical order.
- Make the words using playdoh.
- Play Memory. Make a second set of cards to play!

THE ANIMAL SHELTER

I went to the animal shelter to help the animals. There were 6 puppies, 10 kittens and 3 colorful birds. How many animals did I get to help while I was there?

Equation:
BREAKFAST AT MOM’S

My mom made me a big stack of 10 pancakes. I ate 4 of them before I got full. How many pancakes were left in my stack?

Equation:
Build A Snowman!

Directions: Go outside and build a snowman with at least two parts! Be sure to add arms, eyes, and a mouth. When you’re finished, measure your snowman! You can use anything you’d like to measure it. You could use Legos, a ruler, measuring tape or a yardstick, or cubes. When you’re finished, use the recording sheet to draw a picture of your snowman and show how you measured it. Be sure to write down how tall your snowman is!

Draw your snowman below. Be sure to show how you measured it!

I measured my snowman using ________________________________.

My snowman is ________________________________

__________________ tall.
Draw a Map

Directions: Choose a room in your house. Use the space below (or a blank piece of paper) and draw a map of the room. Be sure to add in the doors, windows, and important furniture! Make sure you include a Map Key or labels to show others what is inside the room. Color in the map to match your room.
