APPROVED NOT APPROVED Waitlist Lottery Draw # _____

The Massachusetts School Choice Law (MGLc.76s12B) was enacted in 1991 to allow parents to send their children to public schools in communities other than their own in which they reside. Those School Districts who choose to participate in School, may designate a maximum number of available school choice seats for an upcoming year. If the number of applicants exceeds the number of available slots at any school or grade level, the District shall accept students based on a lottery to be held in March. **If accepted to attend within the district, students will NOT be eligible for district provided transportation. Parents/Guardians are required to transport their students to school and must do so in a timely manner to maintain enrollment.**
